Call to order – 6.04

Approval of Minutes last meeting – last meeting minutes were approved by Brooke Levien and seconded by Matt Neil

Introduction of SCC:

Role of SCC: advisory board to principal. Includes members of community for each school parents, community members, certified staff members, faculty. SCC follows along with academic plan & financial plan. End of year SCC provided evaluation of principal that goes to district superintendent. SCC does not make policy but works with the school.

Principal's Report (Mr. McClintock)

Budget restored to WSF (weighted student formular). Original cuts of 10% were restored to almost original. School was able to add one teacher and one EA. Budget does not give any additional funds. Requested additional EA now is funded.

Working on plan to get all students back face to face asap. It will not be the week after spring break, but sometime after. WASC mid-cycle review was completed.

Comprehensive financial plan is due to CAS April 21st followed by academic plan. Will be shared with the PTA at the next meeting. Plan is due to CAS April 23rd. Waivers were completed by SCC. March 12 will be a regular day for children instead of waiver day. Roofing of administration building will hopefully be replaced this summer. School is good to go to install water filling station. F building has no access to water fountains due to lack of water quality in that particular building. School is looking for solution. School is looking for solution to fill water bottles for F building. Teacher transfer period: TATP1 March 22-29. 2 positions are posted.

Teachers report (Justine Malek/Caroline Walker):

Teachers are preparing for the back to full face. No other topics to present.

Registration for pre-kindergarten. 10 children for sure will have a spot. 11-20 will be on a waiting list.

Treasurer report (Brooke Levien):

PTA provided school with additional disposable children's masks, disposable wipes, PTA purchased additional recess equipment as some of it is very well used.

Teacher development fund is completely exhausted. Several teachers took advantage of it.

Additional teachers (now a total than 17) have submitted classroom receipts. New process with reimbursements worked very well. Feedback by teachers would be appreciated.

Paypal account has a large donation. Might be a donation from Harvest Fest.

Other business:

Ashiya: funding for extracurricular activities. Grants for dance classes are provided by State foundation for culture and arts. Looking at possible budget cuts. Letters of support would help (from parents, PTA, school).

Lisa will write up a letter from school.

Reminder that board members need to be replaced.

Video message as promo for PTA: Christine was going to check with Jody what could be put together.

Award for classroom that has most sale for PukSup meat sale. Ideas appreciated!

Virtual pizza party online. I.e. each child gets their personal pizza and gets online for a joint pizza party.

Thanks for your participation tonight everyone!

The next meeting is April 14, 2021, 6:00pm

Adjournment – 6:51pm

Submitted by Yvonne Lang, Secretary
